Dear Hiring Manager,

I am reaching out to express my interest in the ICT/Coding Teacher at your institution after seeing the job opening in ajarn.com. I am confident I can be an asset to your team given my background in education and technology.

Currently, I work as an Engineering Instructor at the University of the Cordilleras, a position I've held since 2023. My role involves teaching IoT, embedded systems, technopreneurship, mobile app development, software design, and database management. This experience has strengthened my skills in creating curriculums and mentoring students, especially on design projects involving computer vision and IoT. Additionally, I serve as the web content coordinator for the College of Engineering and Architecture, improving my skills in content creation and management.

From 2016 to 2020, I worked as a Technical Specialist Manager at Hytec Power, Inc. There, I managed a sales team to meet targets by providing specialized training and workshops. I also prepared and delivered proposals that successfully secured new projects, achieving a 60% success rate at bidding conferences. Part of my work included technical training in areas like embedded systems and IoT, skills that are important for this position.

Regarding my education, I hold a Bachelor of Science in Computer Engineering from STI College Las Piñas and am working toward a Master of Science in Computer Science at Don Mariano Marcos Memorial State University. My certifications include being a Licensed Professional Teacher (Secondary, Math Major), holding a TEFL Certificate, being a Google Certified Educator Level 1, and attaining a TOEIC score of 940 (CEFR Level B2).

I am skilled in programming languages such as Python, Java, and Dart, and familiar with tools like Git, Agile Development, HTML, CSS, Microsoft Power Apps, Flutter, Figma, and Android Studio. I have experience in data analytics with RapidMiner and Power BI and working with machine learning frameworks like Pandas, NumPy, SciKit Learn, TensorFlow, Keras, and PyTorch.

I am enthusiastic about the chance to bring my blend of teaching and technical skills to your institution. I am sure my experience aligns well with the requirements of the ICT/Coding Teacher Position, and I am eager to contribute meaningfully to your team.

Thank you for considering my application. I look forward to discussing how my skills and experience can be of benefit to your institution.

Sincerely,

Nikka Allen Bernal Santos
